To: Whom It May Concern,

As the instructor of Biniyam Dereje Tadesse at Ababa University (AAU), I have had the pleasure of knowing Biniyam for the last five years. He has been a magnificent student and an asset to our institute. Biniyam is an extraordinary young man. As his teacher, for two course namely Database Administration and Fundamentals IT Security, I have seen many examples of his talent and have long been impressed by his diligence and work ethic. Biniyam has outstanding organizational skills. He is able to successfully complete multiple tasks with favorable results despite deadline pressure. I must also make note of Biniyam's exceptional academic performance, his above-average performance is a direct result of his hard work and strong focus. He also has unique and outstanding ideas when it comes to research, he is quick to adapt and learn new things and best communicating his ideas to others.

I have come across many students with a sharp understanding and knowledge of data and computer security, It's rare to find a student who gets excited by the strength of the challenges he faces. Biniyam is one such rare student who has a high eagerness to find, learn and implement new things. He has one a kind who enjoys solving very tough problems. I also have witnessed that he has a responsible personality and his interest to deliver quality work more than expected when he was doing the project of the courses I have taught him, where he was able to do the optional part of the project given to him.

He has shown the motivation, intelligence, preserving nature and analytical aptitude for final year project. His attendance and presence of mind have been a key part of his study program that has helped him to contribute positively while working as a part of the team. If your institution is seeking superior candidates with a record of achievement, Biniyam is an excellent choice. He has consistently demonstrated an ability to rise to any challenge that He may face.

To conclude, I would like to restate my strong recommendation for Biniyam. If you have any further questions regarding Biniyam 's ability or this recommendation, please do not hesitate to contact me using the information on this letterhead.

Best Regards

Nebiat Fikru (MSc., GPEN, LIP, CCNA, IBM Security Engineer)
